INSTEAD OF BUYING A NEW ONE, WE FIX IT FOR YOU.

Free, no-obligation quotes. We only recommend replacement when repair genuinely isn't worth it.

SERVICES PROVIDED

SERVICE LINE	WHAT IT COVERS	QUOTES FROM
 Handyman & Repairs	Doors · drywall · mounting · assembly · fixtures	\$75
 HVAC Services	AC repair · heating · thermostats · ducts · servicing	\$95
 Painting — Interior & Exterior	Walls · ceilings · siding · trim · cabinets · staining	\$150
 Power Washing	Walls · siding · driveways · decks · fences · gutters	\$120
 Electronics Repair	TVs · laptops · audio · power supplies	\$60
 Appliance Restoration	Washers · dryers · microwaves · fridges · cookers	\$90
 Equipment Servicing	Generators · power tools · pumps · motors	\$120

Prices are indicative starting points shown publicly as “quotes from”. Every price, service and description is editable in the admin portal, and services can be added or removed at any time.

THE WEBSITE, END TO END

From stranger to booked job

Every page is built around one action: get the customer to send you a job.

1

Discover

Finds you via flyer QR, a shared video, search or word of mouth.

2

Quote

Sends the fault in seconds — quick-quote form or the full booking form.

3

Book

Picks a date and time window; the request lands with you instantly.

4

Fixed

You diagnose, quote honestly and repair. Job tracked in the portal.

5

Review

Prompted to leave a review, which brings the next customer.

WHAT'S ON THE SITE

Hero & promise

Leads with “Don't buy a new one. We fix it for you.” and a quick-quote form the visitor can fill without scrolling.

Service lines

Every service with its description, included items and “quotes from” price — all driven by the admin list.

How it works

Four steps from broken to fixed, so expectations are set before contact.

Job specification

Scope of work, pricing & terms, what you need from them, and your commitments — published openly.

Booking form

Name, phone, email, service, preferred date & time window, address and fault description.

Two-way delivery

Booking sends by **email** or **WhatsApp** — the customer chooses, both reach you.

Reviews

A one-tap review request. Collects by email today; switches to Google the moment a review link is added.

Mobile & QR

Fully responsive with no sideways scroll, and every flyer carries a QR straight to the site.

HOW A BOOKING REACHES YOU

Bookings are delivered directly to you. The form composes a complete message — name, phone, service, preferred date/time, address and the fault — and sends it to **p4eminentglobal@gmail.com**, or opens WhatsApp to **(347) 812-9270**. Nothing sits in a queue waiting to be checked.

Worth knowing: the site is a fast static site with no server database. Bookings therefore arrive in your inbox/WhatsApp rather than appearing automatically inside the portal — you log them under **Bookings & Jobs** to track them. Admin data is stored in the browser you use. A small backend can be added later if you want bookings to land in the portal automatically across devices.

ADMIN PORTAL — ACCESS & ROLES

Who can get in, and what they control

Access

URL: p4eminentglobal.com/admin
Sign-in: PIN (default **4321** — change it in Settings)
Session: stays signed in for the browser session; "Sign out" ends it
Visibility: not linked from the public site navigation and marked no-index

Roles today

The portal has a **single Administrator role** protected by one shared PIN. There are no separate staff logins or per-person permissions yet — anyone with the PIN has full access to everything below. Multi-user roles can be added if you take on staff.

WHAT THE ADMINISTRATOR CAN DO

AREA	RIGHTS & FEATURES
Dashboard	Live counts of total jobs, new enquiries, bookings and completed value, plus a recent-jobs feed and a setup checklist.
Bookings & Jobs	Log every enquiry and move it New → Booked → Completed. Records customer, phone, service, date, quoted value and fault notes. Filter by status; delete jobs.
Services & Pricing	Add, edit and remove service lines. Controls the name, description, icon, "quotes from" price and the included-items list shown publicly.
Job Specification	Edits the four published blocks — scope of work, pricing & terms, what we need from you, and our commitment.
Marketing Kit	8 flyers (PNG + print PDF) and 8 vertical videos. Download, print, or share to WhatsApp. Includes site-share, copy-link, review link and ask-for-a-review.
Settings	Phone, booking email, service area, opening hours, Google review link and the admin PIN.

MARKETING KIT INCLUDED

8 flyers

✓ Don't Replace It · Services Menu · Before You Buy
 New · Same-Week Booking · Free Quote
 ✓ Plus one per new line: HVAC, Painting, Power Washing
 Each as a social PNG and a print-ready PDF, with your phone, email, service area and a QR to the site.

8 videos

✓ Don't Replace It · What We Fix · How It Works · Free Quote · Book Today
 ✓ Plus HVAC, Painting and Power Washing
 Vertical 1080×1920, ~10–14 seconds — sized for WhatsApp status, Reels, TikTok and Shorts.

SECURITY NOTES

The PIN is the only barrier to the portal — keep it private and change it from the default. Because admin data lives in the browser, signing in from a different device or clearing site data starts from the saved defaults. Nothing sensitive about customers is stored in the portal beyond what you type into a job record.
